From Fed Up to Front Door

starting a housing co-op in London

Affordable Housing?

Average Rent (private): £1,600-£1,900

London Living Rent: £1,050-£1,300

New-build developments only

(1/3 median gross household income, with rent factor adjustments)

Affordable/Intermediate Rent: £1,000-£1,300

Only available to those in work

(80% market cost)

Social Rent: £500-£650

(50% market cost)

Local Housing Allowance: £1,147

Figures based on a 1-bed rate for Haringey

Affordable Ownership?

Average House Price: £400,000-£450,000

Average Salary Required: £75,000-£90,000

(mortgage providers usually lend up to 4.5x salary)

Shared Ownership/Rent to Buy Schemes: £320,000-£360,000

(80% market cost)

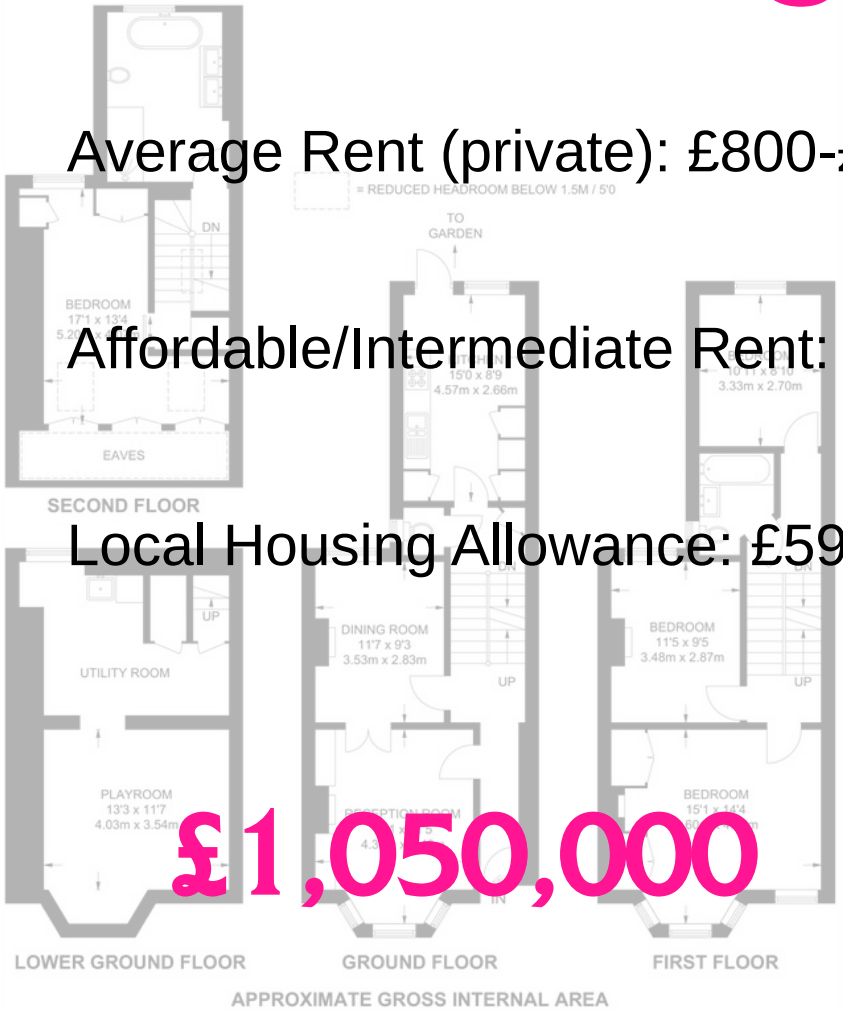

Figures based on a 1-bed rate for Haringey

And shared living?

Average Rent (private): £800-£1,100

Affordable/Intermediate Rent: N/A

Local Housing Allowance: £590

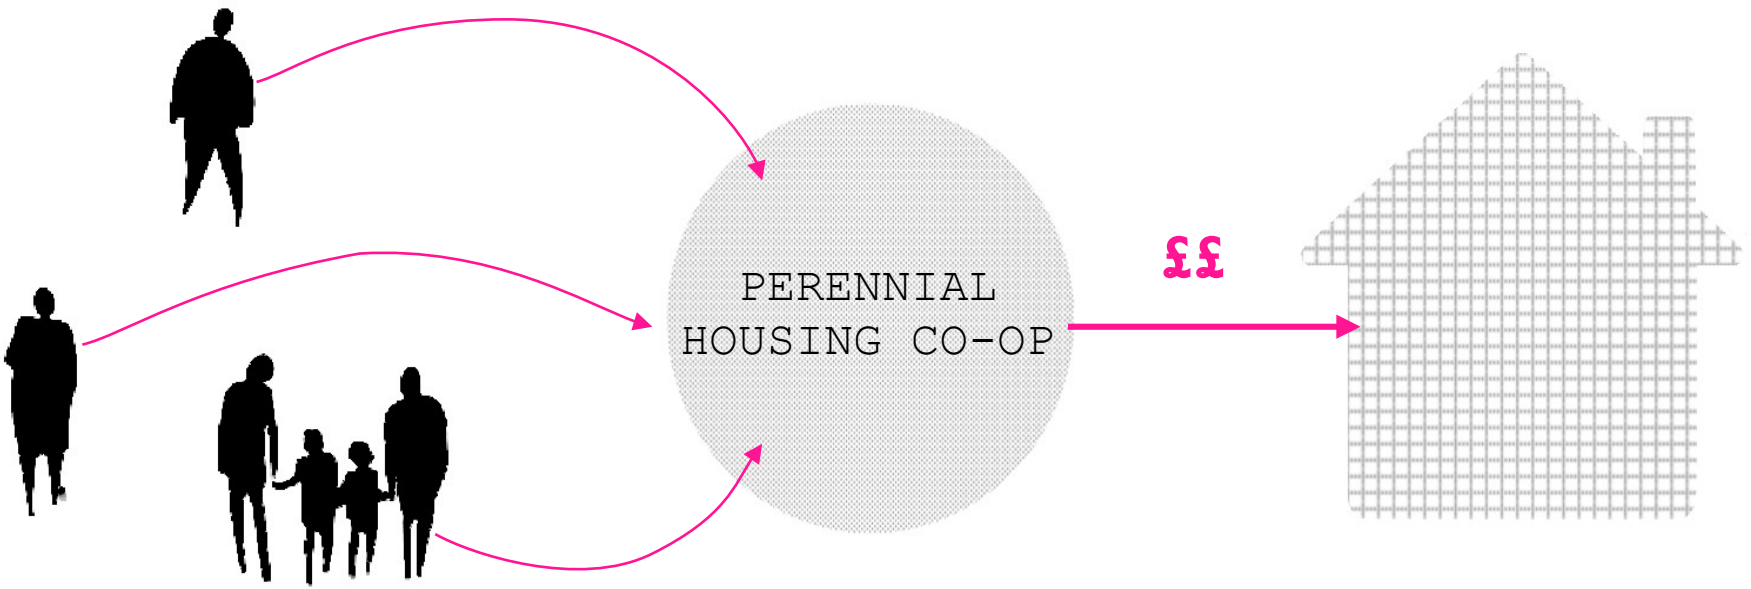

£1,050,000

£750,000

But there is a third way...

Perennial owns the house, tenants rent from Perennial

The Vision

*Perennial Housing Co-op is here to form **stable, landlord-free living** conditions within the wonderful madness that is London. We are united by our search for **anti-capitalist & political activism**, **environmental & ecological solidarity, collective & equitable control and mutual support & care**. We seek to be part of a world where **co-operation is the norm**, not the exception.*

*We are building this community within and alongside growing networks of social & political change-makers. It is a **long-term project**, rooted in the basic, yet widely unmet need for spaces that are both cared for, and caring for, the community they serve; forever. Perennial Housing Co-op is radical, queer, welcoming, inclusive and responsive, forming a **community of care beyond the nuclear family**. We are sick of dead-end conversations about precarity in London. We believe we all deserve and can do so much better, so we are **seizing control over the spaces we live in**.*

- Perennial Housing Co-op, Vision Statement v1, July 2025

North East London

“in need of modernisation”

6+ bedrooms

shared space > bedrooms and bathrooms

£800,000

And the Meta-Vision

RADICAL ROUTES

HOMES WITHOUT LANDLORDS. WORK WITHOUT BOSSES.

Grassroots control and economic revolution through co-operation

Radical Routes

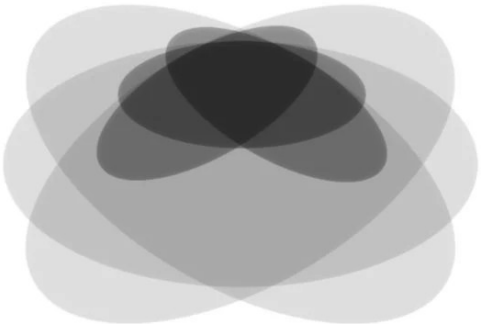

*"We want to see a world based on **equality and co-operation,** where people **give according to their ability** and **receive according to their needs,** where **work is fulfilling and useful** and creativity is encouraged, where decision making is open to everyone with **no hierarchies,** where the **environment is valued and respected in its own right** rather than exploited.*

- from Radical Routes 'Aims & Principles'

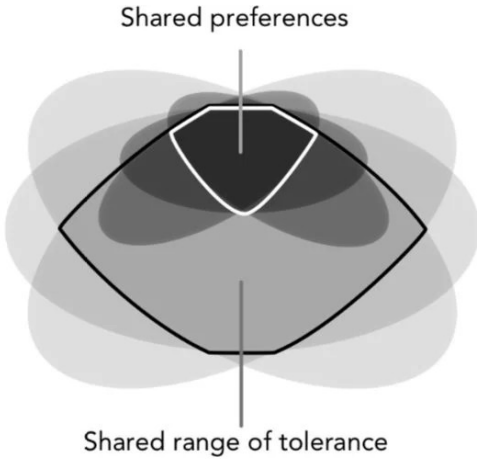

- Secondary co-op – members are co-ops
- Mutual aid network
- Knowledge sharing, creation and advocacy
- Source of communally-held and managed funding
- Quarterly gatherings
- Bunch of cuties!

How's it going?

--- Primary Rules? ---

Three people's overlapping personal preferences and range of tolerances

Our roots planted so far...

- Started meeting up in October 2024
- Wrote our vision statement
- Registered with the FCA, December 2025
- Held our first party!
- Joined Radical Routes, January 2026
- First ‘away weekend’ at Laughton Lodge
- Opened our bank account
- Made a first (low-ball) offer on a house!
- Opened our loan stock offer in April 2026

So how is it funded?

- Radical Routes Loan
- Mortgage
- Internal Loanstock
- External Loanstock

Finances are Political

Community-Funded
- keeping bank loans as low as possible, and financial power within the community

Progressive Financial Redistribution
- we encourage lenders with high financial privilege to lend at low or 0% interest rates, and actively encourage others to ask for a higher rate

Income Sharing
- optional rent payment of LHA + x% income

Amortised Repayments
- potential income through retirement, supporting lenders through later life

The Lowdown

- **LHA = £136.93 a week** in Haringey, so if we are 6 people that makes **~£40,000 rental income** per year
- Perennial will have **costs of ~£10,000 per year** in maintenance, council tax, insurance etc, which leaves **~£30,000 to pay off debts**
- That is enough for repayments on **£420,000 of borrowing** (a mortgage of ~£300,000 + a Radical Routes loan of £120,000)
- We are looking at house **purchase costs of approx £870,000** including stamp duty, so we need to raise **~£491,000 in loanstock**

So far we have raised...:

PINE

- quick verdant growth, lush and fragrant

enthusiastic about the project and **keen to help**. They can afford to lend £2,000 to Perennial for five years at 0% interest, **excited to help get the ball rolling**.

Their capital (£2,000) is repaid at the end of term.

OAK

- stable and wise, with limbs supporting the wider ecosystem

Oak has £120,000 in savings accounts and is interested in **moving away from banks** with dubious investments. They do need a **regular income**, so ask for 3% interest.

Agree amortised return of £12,000 a year for 15 years. A total of £160,000 is returned.

WALNUT

- hardy and vigorous, nutritious gifts year on year

Walnut is someone who can offer **£10,000** for **10 years**, but requests **2% interest** on this.

Perennial agrees to pay interest (£200) yearly, (£200) with the capital (£10,000) repaid at end of term.

YEW

- slow and steady, for the long-term

Yew has £30,000 to **invest long-term** and doesn't need it back quickly. They are looking for an **alternative to pension investments**.

Agree amortised return, starting in 35 years. A total of £180,000 is returned, paying £1,000 a month for 15 years.

Or choose your own adventure...

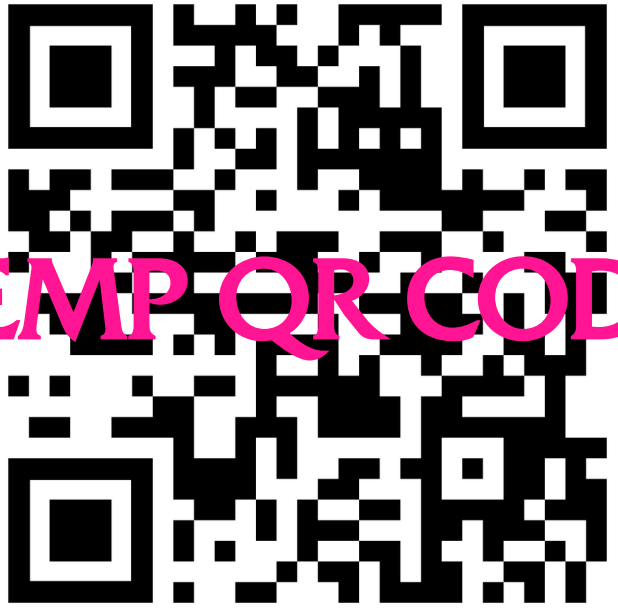

KEY INFORMATION:

- **Offer Open:** 27th April - 31st July 2026
- **Amount:** £100 - £100,000
- **Interest:** let's discuss!
- **Repayment Period:** any from 2-50 yrs
